## THE DAILY SENTINEL.

RUFUS KIRG & WM. H. WATSON, PROPRIETORS. Under the Name and Firm of Rufus King & Co.

MILWAUKEE: Tuesday Morning, March 31.

For Chief Justice of the Supreme Court, EDWARD V. WHITON. ELECTION, TUESDAY, APRIL 7.

The New Election Law. We publish to day the law "to preserve the purity of elections," passed at the recent session

of the Legislature. Inasmuch as it takes effect from the first of April, and the Supreme Cours Judge is to be voted for at the annual town meeting on the 7th, the provisions of the act necessarily apply to that election. We think that there is an oversight in not the constitution as to grant the Right of suffrage providing for a separate ballot for Judges, and to all citizens, without distinction of color. It It is probable that, at many polls throughout the has yet to be adopted by another Legislature and State, the vote for Judge may be cast separately. ratified by the People, before it can take effect. Under the section of the statute which requires The Albany Evening Journal, referring to it, that mere informality in noticing or conducting says:

the election shall not invalidate the vote, it is not probable that any serious difficulty will cecur, jet it is desirable that uniformity should prevail as far as possible. We shall print our tickets headed with the name of EDWARD V. WHITON for Chief Justice of the Supreme Court, followed by such other Judges as are to be elected, and these by the city, ward or town officers; and we think this the proper form, according to the third section of the law. In this city, the Aldermen for two years are voted for on a separate ballot.

Chief Justice of the Supreme Court. The issue of our Weekly Sentinel to-morrow

Is the last opportunity we shall have before the day of election to urge upon our country readers the importance of their action upon that day, in reference to the election of Chief Justice. PropLe or Wisconsin! You have to choo

men thorein named.

The true facts are that the parties in New York, with when the \$140,000 Milwaukee Cry Toer cent. Sinking Fund Bonds had been placed, not being able to dispose of them at 80 percent, and interest, the lowest rate limited by the Common Council, and having applied to our Mayor for un unlimited power to sell, which Judge Whitek needs no culogy at our hands His straightforward course in office-his impartial administration of Justice-his estimable priwate character-bis ability-his noble adherence to the principles of a free government-have given him arcputation as a model Judge, far wider than the limits of the state; and, all over the country, among free men who propose to remain free, there are thousands of hearts beating anxiously in expectation of the result. Will the people of Wisconsin answer to this expectation? or will they disappoint the friends of Freedom and Justice throughout the country? We do not desire to make any personal issue

with Mr. Cornner, the candidate of the Hunker Democracy. There is nothing in his past history which should designate him as a proper can didate for Chief Justice of the Supreme Courtno manifestation of ability, to say the least, which should designate him as Judge Wurren's successor. But, even if in ability and character appropriate for the Bench, he was the equal of Judgo Whiton, he stands in a position now, in which no man, who properly appreciates the condition of offairs in this country at the present time, can give him a vote.

The issue-Freedom or SLAVERY-is upon us. We cannot shrink from it if we would. We MUST meet it. The Supreme Court of this State has taken a noble, manful position upon this subject, against Federal usurpation, and they must be sustained; we must take no steps backward. The re-election of Judge WHITON, by an overwhelming majority, such as he ought to havesuch as he will have, if the people of this state express by their votes their real soutiments,will, by showing that the People of Wisconsin stand fast, encourage the hearts of our friends throughout the country; while the election of omployed by the authorities of Washington co. Mr. Cornaex—nominated by a few zelf appoint. to assist in the prosecution. ed delegates and hangers on about the Capital. (for such, for the most part, was the convention which nominated him,) and set before the people as the candidate of the party which proposes to submit to the most degrading domands of the. Slavery Propaganda, would dishearten the friends of freedom everywhere; and a light vote and meagre majority would almost equally dis-

hearten thom. Let every man, then, who cares to see Wis consin maintain her position in the van of the army of Freedom, make it his business to kee that a full vote is brought out, and that that vote, so far as his influence can direct it, is placed on the right side, and the present able and esti a ble Chief Justice will be triumphantly re-elect-,

Nomination for Circuit Indge. The Democratic Judicial Convention for this the second, Circuit, met in this city yesterday, and nominated Anthur McArthur as their candidate for Judge. Mr. McARTHUR is our prosent Lt. Governor; a zealous partizan, an Indifferent lawyer, and a firm adherent of the Barstow faction, but withal a clever fellow. It is on the strength of this last qualification (?) that he is put up for Judge. Without any wish to say harsh things about Mr. MCARTHUR, it is our deliberate conviction that he is unfit for the Bench and that he himself will thro of it in less than a year. We do not know whether there is to be an opposing candidate, but there is no question. of the fact that our present Circuit Judge. Hon. A. W. RANDALL, is in every respect better fitted for the Beach than Lt. Gov. MoASTHUR.

The Convention, it will be seen, adopted resolutions endorsing M. M. Cornner, for Chief Justice ; denouncing Judge Winton ; stigmatizing as trailors all democrats who should dare to vote for that upright, able and faithful Judge: and arregating to themselves the title of " sole conservators of the union of these States." This impudent pretence will scarcely impose upon the most ignorant and deluded of their followers. There are no worse fees to the Union, to the Constitution, to Liberty, Justice and Right, than that tribe of Doughfaces and Demogogues who steal the livery of Democracy to serve Pro-Slavery propagandism.
